

First you will pass the village *Horst-Hahnenkamp* and soon after you will enter *Kiebitzreihe*.

Follow this road (**B431** or "Alte B5") until you come to a **crossing with a traffic light** and a **sign showing the way to Kiebitzreihe**. Follow the sign by turning **left at the traffic light** and turning **right about 10 m after** towards *Kiebitzreihe*.

Follow the road about 2 km straight ahead until you reach a filling station (ESSO) which is beyond a traffic light. Use the right lane. **Turn right** at this traffic light which is right in front of the filling station and **follow the signs Itzehoe (or B431)**.

Leave the **Autobahn A23** at the junction **No. 14 Elmshorn / Glückstadt**.

Follow the **Autobahn A7** from the South towards Hamburg. Pass the river *Elbe* by following the signs **Elbtunnel**. Leave the A7 after the fourth junction north of the tunnel (drive on the very right *Autobahn*-lane!) and drive on the **A23** towards *Heide / Husum*.

You are now on the mainstreet in Kiebitzreihe. Follow a big **sign** on the right side showing the way towards **Industriegebiet**. Turn **right** at this sign.

Choose the **second street** on the left which is *Sandkamp*. MuK is No. 10.
